All True Natural is operated by Salvatore Greco and Cabrini Costanzo, offering classes in the visual and spiritual arts. Salvatore and Cabrini travel internationally sharing their combination of the visual and spiritual arts skills to manifest creative experiences for their clients. The vision of our work is to support individuals, the community, and all humanity in experiencing conscious awareness and expression of the Divine spirit. Our mission is to be a sanctuary where we support a diversity of spiritual ideas, and where all can know the Divine spirit of God. We model, teach, and celebrate the integration of Spirit, Mind and body in all that we do. Assisting all individuals that we work within the consciousness of well being.
